#### 1 Basis of preparation

The interim financial information has been prepared in accordance with Thai Accounting Standard (TAS) No. 34, Interim Financial Reporting and other financial reporting requirements issued under the Securities and Exchange Act.

The interim financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2024.

This interim financial information was authorised for issue by the Board of Directors on 8 May 2025.

An English version of the interim financial information has been prepared from the interim financial information that is in the Thai language. In the event of a conflict or a difference in interpretation between the two languages, the Thai language interim financial information shall prevail.

## 2 Accounting policies

The accounting policies used in the preparation of the interim financial information are consistent with those used in the annual financial statements for the year ended 31 December 2024 except for the adoption of the new and amended financial reporting standards as described in Note 3.

#### 3 Adoption of new and amended financial reporting standards and changes in accounting policies

New and amended financial reporting standards that are effective for the accounting period beginning on or after 1 January 2025 which are relevant and have significant impacts on the Company.

Amendments to TAS 1 - Presentation of Financial Statements clarified that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the entity's expectations or events after the reporting period (for example, the receipt of a waiver or a breach of covenant).

Covenants of loan arrangements will not affect classification of a liability as current or non-current at the end of reporting period if the entity must only comply with the covenants after the reporting period. However, if the entity must comply with a covenant either before or at the end of reporting period, this will affect the classification as current or non-current even if the covenant is only tested for compliance after the reporting period.

The amendments require disclosures if an entity classifies a liability as non-current and that liability is subject to covenants in which the entity must comply within 12 months after the reporting period. The disclosures include:

- the carrying amount of the liability;
- information about the covenants; and
- facts and circumstances, if any, that indicate that the entity might have difficulty complying with the covenants.

The amendments also clarify what TAS 1 means when it refers to the 'settlement' of a liability. Terms of a liability that could, at the option of the counterparty, result in its settlement by the transfer of the entity's own equity instrument can only be ignored for the purpose of classifying the liability as current or non-current if the entity classifies the option as an equity instrument.

The amendments must be applied retrospectively in accordance with the normal requirements in TAS 8 Accounting Policies, Changes in Accounting Estimates and Errors.

New and amended Thai Financial Reporting Standards effective for the accounting periods beginning on or after 1 January 2025 do not have material impact on the Company.

# 4 Accounting estimates

The preparation of the interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

## 5 Segment and revenue information

The Company's director committee identified reportable segments of the business in order to measure the Company performance by product lines and services as follows:

	Financial Information			
For the three-month period ended 31 March 2025	Manufacture and sale of caps Thousand Baht	Hire of printing sheets for can Thousand Baht	Total Thousand Baht	
Sales and service income	968,118	23,538	991,656	
Operating results Segment profit	178,618	6,126	184,744	
Other income Interest income Selling expenses and distribution costs Administrative expenses Allowance for expected credit losses Financial cost Gain on exchange rate, net Loss from fair value on financial assets measured at fair value through profit or loss			8,855 7,563 (21,603) (53,542) (186) (171) 455	
Profit before income tax expenses Income tax expenses			126,080 (24,901)	
Profit for the period			101,179	
Timing of revenue recognition At a point in time	968,118	23,538	991,656	

_	Financial Information			
For the three-month period ended 31 March 2024	Manufacture and sale of caps Thousand Baht	Hire of printing sheets for can Thousand Baht	Total Thousand Baht	
Sales and service income	954,521	24,245	978,766	
Operating results Segment profit	169,957	4,660	174,617	
Other income Interest income Selling expenses Administrative expenses Allowance for expected credit losses Financial cost Gain on exchange rate, net Loss from fair value on financial assets measured at fair value through profit or loss			14,833 6,645 (20,070) (55,522) (273) (176) 8,392	
Profit before income tax expenses Income tax expenses			128,431 (25,621)	
Profit for the period			102,810	
Timing of revenue recognition At a point in time	954,521	24,245	978,766	

# 6 Fair value

The following table presents financial assets and liabilities that are measured at fair value, excluding where its fair value is approximating the carrying amount.

	Financial Informations					
_	Lev	el 1	Lev	el 2	Lev	el 3
_	31 March	31 December	31 March	31 December	31 March	31 December
	2025	2024	2025	2024	2025	2024
	Thousand	Thousand	Thousand	Thousand	Thousand	Thousand
	Baht	Baht	Baht	Baht	Baht	Baht
Financial Information						
Financial assets measured at fair value						
Financial assets measured at fair value profit or loss						
- Equity instrument	504	539	-	-	-	-
Financial assets measured at fair value profit comprehensive income						
- Equity instrument	-	-	-	-	530	530
Investment properties	-	-	-	-	686,200	686,200
Land	-	-	-	-	206,400	206,400

Fair values are categorised into hierarchy based on inputs used as follows:

- Level 1: The fair value of financial instruments is based on the current bid price / closing price by active markets such as the Stock Exchange of Thailand / the Thai Bond Dealing Centre.
- Level 2: The fair value of financial instruments is determined using significant observable inputs and, as little as possible, entity-specific estimates.
- Level 3: The fair value of financial instruments is not based on observable market data.

The Company did not have any transfers between levels during the period.

#### Valuation techniques used to measure fair value level 2

Fair value of foreign exchange contracts is determined using forward exchange rates that are quoted in an active market.

#### Valuation techniques used to measure fair value level 3

Fair value of unquoted equity investment is determined using valuation technique by comparable companies' market multiples with estimated based on public companies' enterprise value that, in the opinion of the Company, their financial positions are comparable financial position with the counterparties in the contract.

Fair value of investment properties and land were valued by independent qualified valuers who hold a recognised relevant professional qualification and have recent experience in the locations and segments of the assets valued.

The following table shows financial assets and financial liabilities measured at amortised cost with a carrying amount that approximates fair value.

# **Financial information**

#### Financial assets

- Cash and cash equivalents
- Fixed deposits with maturity over 3 months
- Trade and other current receivables, net
