

Announcement No. 7/2026

Business Continuity Management Policy: BCM Policy

Crown Seal Public Company Limited recognizes the critical importance of maintaining preparedness to respond to and mitigate the impact of potential crisis. This ensures the continuity of business operations, protects the interests of stakeholders, complies with good governance, and supports the achievement of sustainable growth objectives. The Company has established the following Business Continuity Management Policy for executives and employees:

1. CSC shall establish and maintain a Business Continuity Management System (BCMS) aligned with its business operations by developing a Business Continuity Plan (BCP). This plan shall be implemented effectively in an integrated manner across the organization. The system shall also be continuously reviewed and improved to ensure its ongoing suitability and effectiveness.
2. CSC shall establish an overall risk management structure and designate responsible persons to monitor situations, assess the severity of crisis events, and determine appropriate response measures. This is to ensure effective control of incidents and a timely return to normal operations, with an emphasis on minimizing potential losses.
3. CSC shall monitor and review the effectiveness of the Business Continuity Management System at least once a year, or whenever significant changes occur, to ensure that the system remains effective and capable of responding to crisis situations that may impact business operations.
4. CSC shall promote and support all executives and employees in enhancing their awareness, knowledge, and understanding of Business Continuity Management, thereby fostering effective implementation and cultivating a risk management culture within the organization.
5. CSC shall report on the status of Business Continuity Management System to the Executive Committee for acknowledgment and consideration of continuous improvement.

Announced on January 19th, 2026
